

TOCO Youth Sponsorship in the Arts Student Application:

SERVICE DESCRIPTION: Through a referral process we sponsor children in need from 3 to 18 years of age, with classes and tools in the artistic areas of their choice. For example, if students want to dance, we provide a month's worth of lessons and the tools needed such as a gift certificate to purchase dance shoes and uniforms. The students have 60 days from the

beginning of the agreement to begin classes. If they successfully complete one month's worth of lessons, and receive a positive review by their instructors, TOCO will continue to sponsor their endeavors. A monthly assessment with their teachers will determine their progress and their ability to stay in their program of choice.
